

## Integration of two Standardised Approaches for Transparency Improving of Energy Efficiency Investments and Confidence between Owner and Investor in Building Sector

We are pleased to announce the release of the **4<sup>th</sup> Triple-A Briefing Note** which focuses on the potential of **integrating two standardised approaches Triple-A** and the **Investor Confidence Project (ICP)**. With this integration the implementation of an already identified **Triple-A** project will bring maximum benefits, taking advantage of the strengths of both standardised approaches.

This briefing could provide additional clarity and transparency on **how to invest in Energy Efficiency projects** and provide additional **confidence for potential investors**. Indicative Energy Efficiency projects are presented **summarising lessons learnt** from the investment implementation.

Stay tuned for our next **Briefing Note!**
