

Triple-A Webinar Series

Financing Energy Efficiency Projects

We are pleased to announce the release of the **6th Triple-A Briefing Note** which presents the key learnings and takeaways from the topics discussed and feedback collected during the **Triple-A Capacity Building Webinar Series**.

The **Capacity Building Webinars** were hosted and organised by the eight **Triple-A** partner countries between the period from April to June 2021 and reached in total **224 participants** with more than 50% of them being financing bodies and project developers.

The goal was to increase awareness of the project and disseminate the knowledge required to effectively use and implement the solutions provided by the **Triple-A** methodology, **Standardised Tools** and **Database on Energy Efficiency Financing**.

Three topics stood central during the webinars were:

- the impact and implications of the **EU taxonomy** regulations,
- the relevant **risk and mitigation strategies**, and
- the availability of **typical financial instruments**.

Find more on the feedback received from the eight host countries - Bulgaria, Czech Republic, Germany, Greece, Italy, Lithuania, Spain and The Netherlands - [here](#)!

Stay tuned for our next **Briefing Note**!
