

## Explore the Interactive Triple-A Database

*Learn about key aspects of energy efficiency financing!*

# DATABASE

on Energy Efficiency Financing

**Triple-A** presents the [Triple-A Web-based Database on Energy Efficiency Financing](#), a visual representation of the most critical aspects in **energy efficiency financing**, including the:

- **risks** that could endanger the successful implementation of an energy efficiency project,
- **strategies** that could mitigate these risks,
- **preferences of investors** on energy efficiency investments,
- **financial performance** of energy efficiency projects,
- **models and instruments** that are usually used to finance energy efficiency projects,
- performance of case study countries in terms of **Sustainable Development Goals**.

The Triple-A Database includes information about 8 case study countries, for which respective data have been collected, namely **Bulgaria, Czech**
