

## Triple-A Regional Training Workshops

*Read about the latest implemented workshops*

**Training** and **know-how transfer** tailored to the outcomes of the Standardised Triple-A Methodology have been implemented in a reliable **cooperation environment** during the 8 Regional Training Workshops for the **identification of attractive energy efficiency projects in the targeted countries**.

Triple-A Regional Training Workshops have facilitated a **dynamic dialogue mechanism** to share common tools and instruments on a national / regional level when introducing energy efficiency investments. The full-day training workshops took place in **Bulgaria, Czech Republic, Germany, Greece, Italy, Lithuania, the Netherlands and Spain**.

**Triple-A online training:**  
**“PRACTICAL USE OF WEB-BASED TRIPLE A TOOLS FOR EVALUATION OF ENERGY EFFICIENCY PROJECTS IN BULGARIA”**  
*Thursday 16 December 2021, 9.00 - 11.00 CET*

**Title:** Practical use of Web-based Triple A Tools for evaluation of energy efficiency projects in Bulgaria

**Date:** 16 December 2021

**Time:** 9:00 – 11:00 CET

The aim of the Bulgarian webinar was to share the accumulated experience about the web-based [Triple-A Tools](#) for evaluation of energy efficiency projects, which are at an early stage of implementation.

This webinar focused on the **risks to energy efficiency projects and mitigation strategies**, the online-based [Triple-A Tools](#) for evaluating energy efficiency projects (Assess Tool, Agree Tool) and how energy efficiency projects are linked with appropriate funding mechanisms (Assign Tool).

**Triple-A Training Workshop in Germany**  
*Step-by step Training in the Triple-A Tools for Energy Efficiency Projects*  
*Friday 17 December 2021, 12:00-14:00 CET*

**Title:** Step-by step Training in the Triple-A Tools for Energy Efficiency Projects.

**Date:** 17 December 2021

**Time:** 12:00-14:00 CET

A practical and in real time **testing of the [Standardised Triple-A Tools](#)** and **[Database](#)** was implemented during the event, in order to validate their use and results and discuss their aspects with relevant stakeholders through a live interactive session.

Participants learnt about **risk assessment** and **mitigation methods** specific to energy efficiency projects. Furthermore, the **national context of energy efficiency projects** was discussed, including financing opportunities.

**Watch the video here.**

**Title:** Energy Efficiency Financing Assessment Tools

**Date:** 14 January 2022

**Time:** 14:30-17:00 CET

**[Triple-A](#)** partner **[IEECP](#)** together with its sister projects **[ICCEE](#)** and **[StreamSAVE](#)** organised the training on “**Energy Efficiency Financing Assessment Tools**” that was held in the Dutch Language.

The aim of the training was to present the **[online assessment Tool](#)** developed and utilised within the Triple-A project to facilitate the financing of energy efficiency investments in the European Union. A discussion took place on the national context of the **most prominent policies** relating to energy efficiency projects, including their **financing opportunities**.

## Training on Triple-A Energy Efficiency Financing Assessment Tools

*January 27, 2022, 15:00-17:00*

  
**TRIPLE-A**

NATIONAL  
PROMOTIONAL  
INSTITUTION

**Title:** Training workshop on Energy Efficiency Financing Assessment Tools

**Date:** 27 January 2022

**Time:** 15: 00-17: 00

The objective of the workshop was to present to the audience the [Energy Efficiency Financing Assessment Tool](#) which was elaborated during the [Triple-A](#) project and was intended towards financial institutions and other entities related to the implementation of energy efficiency projects.

The topics covered during the training workshop included introduction of the [Triple-A](#) assessment tools, key **recommendations** to assessment process on what energy efficiency investments are realistic and feasible in the country context, means of financing the projects in practice in the short or medium term, **financing methods** and approaches, evaluation and verification of the results.

## Triple-A online training

### “VALUTAZIONE E FINANZIAMENTO DI PROGETTI DI EFFICIENTAMENTO ENERGETICO”

*Venerdì 25 Febbraio 2022, 15.00 - 16.30 CET*

  
**TRIPLE-A**

NATIONAL  
PROMOTIONAL  
INSTITUTION

**Title:** Valutazione e finanziamento di progetti di efficientamento energetico

**Date:** 25 February 2022

**Time:** 15.00 -16:30 CET

Participants had the opportunity to enjoy a live demonstration of the [Standardised Triple-A Tools](#) and [Database](#) that would facilitate investments into Energy Efficiency, which is considered of outmost importance for the achievement of the EU's energy and climate objectives.

The current status of the national context in the Energy Efficiency sector was presented, including financing opportunities, by highlighting the availability of financial resources to accelerate growth, after the launch of the Next Generation EU (NGEU) program in 2020 (better known in Italy as the Recovery Fund). These resources are used by the Italian government within the PNRR (National Recovery and Resilience Plan) to provide financial aid to entities interested in a green and sustainable transition.
